University of Chester (ISEP)

1. Why did you decide to come study in Japan and choose Chukyo University?

I knew I wanted to study in Japan, and I felt Chukyo offered a perfect mix of culture, courses and support for beginner Japanese speakers, whilst being in a good location both in Nagoya and Japan

2. How do you think you have matured through your studies at Chukyo? Please share your experiences, events, or feelings while studying at Chukyo University.

I've become a lot more confident in myself, and I feel I've gained a large understanding for Japan itself, which has in turn helped me have a deeper understanding of the world itself

3. How do you hope to make use of this experience in the future?

I am to continue learning Japanese, perhaps with the ultimate goal of trying to get a job in Japan in the future

4. Finally, please give a message to juniors who are considering studying at Chukyo University in the future.

It's an amazing place to study, with so many compassionate and helpful people, and with great support for many languages, so you feel included and supported
