1. Why did you decide to come study in Japan and choose Chukyo University?

My past experience with Japanese people.

2. How do you think you have matured through your studies at Chukyo? Please share your experiences, events, or feelings while studying at Chukyo University.

It's indescribable. I would cry so much that I couldn't see my screen to type this. I grew by meeting all the amazing VOICE members, the challenges I faced during my time in Japan and striving to be better each day.

3. How do you hope to make use of this experience in the future?

I hope to help others! VOICE members are beacons of joy and fun, I hope I can continue to be that too.

4. Finally, please give a message to juniors who are considering studying at Chukyo University in the future.

Come to Chukyo!!! It's so much fun!! All the best memories are waiting for you!!
