1. Why did you decide to come study in Japan and choose Chukyo University?

I wanted to practice and improve my Japanese and Chukyo University has a relationship with Marshall University.

2. How do you think you have matured through your studies at Chukyo? Please share your experiences, events, or feelings while studying at Chukyo University.

I have become more comfortable speaking Japanese with native speakers.

3. How do you hope to make use of this experience in the future?

I plan to come back to Japan to live and work.

4. Finally, please give a message to juniors who are considering studying at Chukyo University in the future.

At Chukyo you will have a lot of opportunities to meet and speak with kind people. The staff will support you if you have problems and many of the students will be willing to spend time and speak with you. I would recommend joining a circle if you have the time as you can meet many interesting and kind people and make friends easily.
