1. Why did you decide to come study in Japan and choose Chukyo University?

I was learning Japanese, and I wanted to visit famous locations in Japan while also experiencing Japanese culture. I decided to study at Chukyo University for its attentive study abroad program and language learning opportunities.

2. How do you think you have matured through your studies at Chukyo? Please share your experiences, events, or feelings while studying at Chukyo University.

I have grown much more confident as a result of my time at Chukyo. Going to a new country can be overwhelming, but the study abroad staff were very accommodating in making the transition as smooth as possible. The language classes and global talk hour program helped me to be more confident in my Japanese skills, and traveling on breaks taught me valuable skills such as planning and trying new things. Immersing myself in a new culture helped me to appreciate what made my own culture unique.

3. How do you hope to make use of this experience in the future?

I will certainly never forget this experience. I will take what I've learned back to my home country, and I will do my best to integrate the things I love about Japanese culture into my daily life. I will also try to be more adventurous, since this experience taught me that there is so much to experience in the world that I haven't tried yet.

4. Finally, please give a message to juniors who are considering studying at Chukyo University in the future.

Chukyo University is a wonderful place to stay for a study abroad experience. The classes are engaging, the campus is beautiful, and the staff are incredibly accommodating. Their numerous programs provide so many great opportunities to connect with other students, make friends, and learn more about Japanese culture. I made so many wonderful memories, and Chukyo is a great place to have a fulfilling study abroad experience!
