1. Why did you decide to come study in Japan and choose Chukyo University?

Japan has intrigued me for a while, especially the historical culture and architecture, so I was influenced to study here!

2. How do you think you have matured through your studies at Chukyo? Please share your experiences, events, or feelings while studying at Chukyo University.

I think that throughout my time at Chukyo, with the friends that I have made, it has allowed me to broaden my mindset, share experiences, and learn from people of different cultures and backgrounds from my own.

3. How do you hope to make use of this experience in the future?

I plan to take the lessons and values that I've learned from Chukyo and implement them into my life in order that I may be more open-minded and adventurous, and I will reflect on my experiences with happiness.

4. Finally, please give a message to juniors who are considering studying at Chukyo University in the future.

This is a really good school with a really good program and very nice people! Chukyo is a blessing and you would definitely enjoy your experiences and friends that you would make here!
