

JASNORZEWSKI JAN JÓZEF

(Apr. 2026 - Aug. 2026)

University of Lodz

1. Why did you decide to come study in Japan and choose Chukyo University?

I thought it would be an incredible adventure, where I will be able to meet new incredible people, broaden my horizons and explore new culture.

2. How do you think you have matured through your studies at Chukyo? Please share your experiences, events, or feelings while studying at Chukyo University.

I have grown a lot. I was able to learn a lot about the culture and understand it more. Also I have met a lot of international and Japanese friends and I was able to practise my English and basic Japanese with them in casual everyday situations. I attended a lot of events organised by GEC which taught me a lot of things about Japan I have never heard of.

3. How do you hope to make use of this experience in the future?

With this experience I will be able to be more prepared for the future possible international opportunities.

4. Finally, please give a message to juniors who are considering studying at Chukyo University in the future.

If you are interested in Japanese culture and would like to learn or practise your Japanese I think the Chukyo University is going to be a perfect choice. Nagoya, where the university is based, is not very crowded with tourists so it is a lot easier to move around and it also feels more authentic. You will be able to make a lot of friends from Japan and all around the world. You will be also able to attend a lot of incredible and fun events organised by GEC.

KUCHARSKA ALICJA NATALIA

(Sep. 2025 - Feb. 2026)

University of Lodz

1. Why did you decide to come study in Japan and choose Chukyo University?

I decided to study in Japan because I have always been fascinated by Japanese culture, history, and society. Japan is also important for my academic interests in Asia. I chose Chukyo University because it offers interesting courses and activities. It is also located in Nagoya, which is a good place with many attractions.

2. How do you think you have matured through your studies at Chukyo? Please share your experiences, events, or feelings while studying at Chukyo University.

During my time at Chukyo, I have definitely become more independent and confident. Studying in a different country taught me how to adapt to new situations and cultures. I improved my communication and language skills by working with international and Japanese students. I also learned to be more open-minded and patient in everyday life.

3. How do you hope to make use of this experience in the future?

I plan to use this experience to better understand different cultures. It will also help me in my future studies and career, especially in fields related to Asia or international relations. I also want to use the skills I gained, such as adaptability to different situations and communication, in my everyday life.

4. Finally, please give a message to juniors who are considering studying at Chukyo University in the future.

Studying at Chukyo University is for sure a great opportunity to learn in an international and friendly environment. You can experience Japanese culture while also meeting many interesting people from many different countries. It may be hard at first, but it helps you grow and become more open and confident. I strongly recommend it to students who want to challenge themselves and learn something new.
